ASSOCIATED ENVIRONMENTAL SYSTEMS QUALITY POLICY AND OBJECT

QUALITY POLICY:

Associated Environmental Systems is committed to satisfying customer requirements by maintaining an environment in which quality improvement is continuous.

QUALITY OBJECT:

Realign existing quality management system to make a difference, obtain and maintain both ISO 9001:2008 and ISO 17025 registration, continuous improvement of supplier quality, and workflow efficiency through continuous improvement practices.

Because the success of our quality management system is essential for our competitiveness, it is vital that the employees of Associated Environmental Systems understand and adhere to our quality policy.

Associated Environmental Systems management team is committed to ensure that the quality policy;

1. Is appropriate to the purpose of the organization.
2. Communicates our commitment to meeting requirements and to continually improving the effectiveness of our quality management system.
3. Provides a focus for continual improvement through establishing, tracking, reviewing and maintaining Associated Environmental Systems quality objectives.
4. Is presented to new employees, and is continually reinforced by management to ensure understanding and commitment throughout the organization.
5. Is reviewed for continuing suitability during the management review process.
